DISCUSSION QUESTIONS

1. Long-term revitalization will unfold over 50+ years and will take its cue from the new, naturalized Don River mouth. What other features should inform revitalization in the rest of the Port Lands?

2. Thinking about the four land use options for the future of the Port Lands...

- a) Which land use option best captures your vision for the long-term revitalization of the Port Lands? Why?

- b) What improvements would you suggest we make to your preferred land use option? Why should these improvements be considered?

3. The transportation alternatives developed are about effectively moving people in, out and within the Port Lands and South of Eastern area. The alternatives include north-south / east-west connectivity alternatives, alternatives for crossing the Ship Channel and for establishing a transit network. Thinking about these different transportation alternatives...

a) Which alternatives do you prefer? Why?

b) Are there alternatives that we should not be considering? Why?

4. Water, wastewater and stormwater management alternatives have been identified. Thinking about the servicing alternatives, which water, wastewater and stormwater alternatives do you prefer? Why?
